

How many Ticks can you Find?

Ticks are a type of insect that can bite humans. It's important to check your body for ticks after each time you play outside. There are 22 ticks in this scene. Can you find them all?

If you find a real tick on you, ask your parents for help mailing the tick to us at [Bebop Labs](http://BebopLabs.org) where we study these insects. Visit BebopLabs.org/send-ticks.
